

Endpoints for Geography

Year 1 – Our Wonderful World

We will learn about our planet through the use of maps, compass points as well as positional and directional language. We will also be finding out about physical and human features.

What I know and can explain

Human features have been made by people and include houses, bridges and roads

Physical features are made by nature. They include hills, mountains, beaches and oceans

A continent is a very large area of land

A map is a picture or drawing of an area of land or sea that can show human and physical feature

The United Kingdom (UK) is a union of four countries: England, Northern Ireland, Scotland and Wales

The capital city of England is London

The three main types of human settlement include cities, towns and villages

What is geography?

Geography is the study of the world and its people and places.

Useful Vocabulary

Atlas - A book of maps

Continent - A large area of land

Equator – An imaginary line which goes around the centre of the world, dividing it into two halves

Globe - A 3-D map in the shape of a sphere

Settlement - A place where people live and work
