

Endpoints for History

Year 1 – School Days

In this project, we will be learning about our school, Cam Everlands Primary, and the local area. We will be comparing schooling in the Victorian era and today.

What I know and can explain

In the Victorian era, rich families lived in large houses and had servants; poor families lived in cramped houses and had little food and clothing

The Victorian era is named after Queen Victoria

In Victorian schools, teachers used blackboard and chalk. Children were punished harshly if they were rude or lazy

Historical artefacts are objects that were made and used in the past

Samuel Wilderspoon opened schools with playgrounds during the Victorian era

Topic words can be chosen during conversations to add precision to what you are saying

Useful Vocabulary

Arithmetic – The part of mathematics that deals with adding, subtracting, multiplying and dividing numbers

Blackboard - A large board with a black surface used by teachers for writing on with chalk

Cane - A long piece of wood or bamboo that was used to punish children in the Victorian era

Past - Something that has already happened

Present - Something that is happening now

Punishment - An unpleasant experience or task given to someone who has broken a rule

Victorian - During the reign of Queen Victoria
